

Innovation 101:

A huge SUCCESS! Over 50 participants enjoyed a very interesting and productive session held at the Old Orchard in late November. Facilitator Judy Williams did an amazing job and those in attendance all responded very positively to the event. All participants received a copy of the "Strengths Finder 2.0" so they will all be discovering their strengths and learning how to use them effectively over the new few months. Have fun!

Interesting Article:

The Thief of Fulfilment by Chris Green

One of the biggest problems we can encounter when we consider making changes to our life is fear. Even though the changes we want to make will bring more happiness by considerably enhancing our lives, fear will still raise its head to try and stop us in our tracks.
